August Programs

Legend of the Petoskey Stone: All ages. August 29th, 2:30 – 3:30 PM

Introduce yourself to the legend behind one of Michigan's most iconic natural treasures—the Petoskey Stone. Found primarily in the northern part of Michigan's Lower Peninsula. Through storytelling, painting, and natural science, this program connects Michigan's geology with Indigenous heritage, inspiring Michiganders to appreciate both the land they live on and the stories it holds. Ends with the host doing a 6-minute speed painting on a canvas.
